

From the President of the Board of Trustees

The Board is pleased to announce its decision to hire Louann Carlomagno as the Hillsborough City School District permanent superintendent. Members of the Board will be meeting with Ms. Carlomagno with the intent of finalizing a contract at the Board's Regular February Meeting.

Since welcoming Ms. Carlomagno to the District last June as our Interim Superintendent, we have had the exceptional opportunity to witness the experience, thoughtfulness, and professionalism she has brought to her work for the District.

Extensive due diligence interviews and listening sessions conducted by our Ad Hoc Committee confirmed that there was overwhelming support from teachers, District staff, families and the wider Hillsborough community for Ms. Carlomagno and an unmistakable and explicit desire that the District retain her as our permanent superintendent. This, in combination with her exceptional educational and professional background, supported the Board's conclusion that we would not be well-served by a full search since we already had the best candidate for the job.

We are delighted that she has found her work in Hillsborough to be professionally and personally rewarding and is willing to take on the role. Please join us in welcoming Ms. Carlomagno as the permanent Superintendent of the Hillsborough City School District.

Additional details about the hiring process as well as an official welcome event will be provided at a future date.

Warm regards,
Lynne Esselstein, President
